

LANDLORD SERVICE CONTINUANCE REQUEST

I request the electric service(s), and outdoor light if applicable, remain connected in the event a tenant, or other, requests disconnection of service at the locations listed below. I understand I am agreeing to allow all charges after this request to be billed to my account and name rather than being disconnected, and that the \$30.00 activation fee per service connected will be waived by Dixie Electric if covered under this request.

This agreement is not applicable to disconnections resulting from non-payment of utility bills.

Rental Property Location (s) 911 Address

As the Landlord, I must notify the cooperative office, in writing, to discontinue service at any of these locations. I understand that at any time I wish to cancel this Landlord Service Continuance Request, such cancellation must be directed to Dixie Electric in writing.
